

Second EERQI workshop

17 – 18th Spetember 2009

University of Geneva

Workpackage 10

- **Objectives:**

In a second Workshop for participants of Workshop 1 and further invited experts, the results of the tested and applied indicators and methodologies will be demonstrated and presented with a preliminary evaluation on the part of the project consortium. The experts will then be asked to verify the value and effectiveness of the indicators and give feedback on the proposed methodologies and indicators.

Embedding of second Workshop

- Follows the yearly conference of the AECSE, SSRE called AREF (Actualité de recherche en éducation et en formation) held in Geneva between the 14 – 16th September. The EERQI workshop will thematically be introduced by a final key-note of the AREF congress on quality in educational research
- Prepared by a day long preparatory workshop in January presenting EERQI to similar local project supported by the Swiss conference of university rectors
- Supported financially by the Swiss Academy of Human and Social Sciences
